Escape from Mr. Lemoncello's Library By Chris Grabenstein

Kyle Keeley is the class clown, popular with most kids, (if not the teachers), and an ardent fan of all games: board games, word games, and particularly video games. His hero, Luigi Lemoncello, the most notorious and creative gamemaker in the world, just so happens to be the genius behind the building of the new town library.

Lucky Kyle wins a coveted spot to be one of the first 12 kids in the library for an overnight of fun, food, and lots and lots of games. But when morning comes, the doors remain locked. Kyle and the other winners must solve every clue and every secret puzzle to find the hidden escape route. And the stakes are very high.

In this cross between *Charlie and the Chocolate Factory* and *A Night in the Museum*, Agatha Award winner Chris Grabenstein uses rib-tickling humor to create the perfect tale for his quirky characters. Old fans and new readers will become enthralled with the crafty twists and turns of this ultimate library experience.

Amazon.com Review

Amazon Best Books of the Month, June 2013: *Escape from Mr. Lemoncello's Library* is part *Charlie and the Chocolate Factory*, part *A Night in the Museum*, and a whole lot of fun. When the eccentric inventor of video and board games returns to his hometown to build a library the likes of which has never been seen, he brings with him the most spectacular puzzler of them all. Seventh grader Kyle Keeley wants, more than anything, to be the winner of Mr. Lemoncello's latest challenge but it will take skill, wit, and ultimately teamwork to come out on top. With a delightful cast of characters and the homey feel of family game night, Chris Grabenstein's novel mimics elements of two beloved classics but stands on its own merit as a sure fire winner with young readers. --*Seira Wilson*

From School Library Journal

Gr 4–8—The world's most famous game maker, Luigi Lemoncello, has just designed a brand-new, state-of-the-art library in his hometown, and he's invited 12 lucky seventh graders to stay the night just before its grand opening. Avid gamer Kyle Keeley jumps at the chance to meet his idol and see a real live library. After the previous library's demolition, this is the first library this small town has had in 12 years. Kyle is elated when his essay is chosen, and he gets to be among the first to wander the halls of one of the most interactive libraries ever. Kyle and the other contestants have 24 hours to find a secret exit out of the building and win a spectacular prize, and when the doors shut, the games really begin. Love of literature is a must if you want to escape. Librarians will fall in love with Mr. Lemoncello's library. This title is filled to the brim with witty literary references, an education on the Dewey Decimal System, and zany word puzzles. Narrator Jesse Bernstein expertly brings to life each character from the whimsical Lemoncello to the pretentious bully Charles Chillington. Insatiable readers who pick up on all the references will adore this book, as will general puzzle and mystery enthusiasts. The antics are similar to Patrick Carman's *Floors* while the puzzles are relatable to Blue Balliet's *Chasing Vermeer*.—Amanda Schiavulli, Finger Lakes Library System, NY

Starred Review Here's an instantly engaging and wildly creative mystery that is sure to have readers looking at their humble local library in a new light. Mr. Lemoncello is an eccentric game designer who has just funded a very special new library in his hometown. In honor of the grand opening, Lemoncello has selected a dozen 12-year-olds to participate in an overnight lock-in event at the library. But when the kids wake up, they discover a new and unexpected game is afoot: whoever can find a way out of Mr. Lemoncello's library will win the grand prize. Avid readers will get a kick out of the references to classic and current children's literature as the kids solve clues to escape and win the game. Main character Kyle Keeley works hard to beat his nemesis, the conniving bully Charles Chilington, who constantly reminds everyone that he is always successful. As Lemoncello says, knowledge not shared remains unknown, and the group learns that working together just might be the key to solving the mystery. An ode to libraries and literature that is a worthy successor to the original madman riddle master himself, Willy Wonka. Grades 4-7. --Sarah Bean Thompson
