Super Duper Safety School: Safety Rules For Kids & Grown-Ups! By Pattie Fitzgerald

Parents always want to know how they can teach their children about personal safety without instilling fear and yet still get the important message across. Pattie Fitzgerald has taken her highly regarded children’s curriculum and created “**Super Duper Safety School**” to do just that.

Written with empowering child-friendly language, the main character “Sammy” helps parents and kids start the dialog by using simple rules that make sense to children. Sammy explains each rule using a straight-forward concept of “*thumbs up and thumbs down*” awareness. **Super Duper Safety School** teaches children how to be the “*boss of their own body*”, *how to watch out for “tricky people”* and *how they can be safe around people they know or don’t know*. Also included is a comprehensive Parent Education Guide to help parents understand their role and how they can significantly minimize the risks to their child.

Super Duper Safety School comes highly recommended by pediatricians, teachers and parents as a valuable resource in educating children with an effective approach that works!

For ages 4 and up.
