Editorial Review

Review

'My mother, always an enthusiast for astronomy, received this book some time in the 1930s and later encouraged me to read it. The book starts with Plato's allegory of the prisoners in a cave trying to understand the world outside by watching shadows on the wall. For me the space age has brought us a long way closer to losing our shackles and looking directly out of the cave.' David Southwood, Astronomy Now

Users Review

From reader reviews:

Dan Maes:

What do you consider book? It is just for students since they are still students or it for all people in the world, the actual best subject for that? Simply you can be answered for that question above. Every person has distinct personality and hobby for each other. Don't to be pressured someone or something that they don't would like do that. You must know how great and also important the book The Mysterious Universe. All type of book could you see on many options. You can look for the internet options or other social media.
