Korea Strait: A Novel (Dan Lenson Novels) By David Poyer

United States Navy officer and Medal of Honor winner Dan Lenson's mission is to observe an international military exercise involving the navies of South Korea, Japan, Australia, and America.

It should be routine duty for Dan, but old alliances are unraveling, as North Korea threatens the U.S. and China expands its influence. Acting as both adviser and adversary to a ruthless South Korean task force commander, Dan must stop a wolfpack of unidentified submarines, armed with nuclear weapons, which is trying to elude Allied surveillance and penetrate the Sea of Japan. Is it the start of an invasion . . . or an elaborate feint, to divert attention from a devastating attack?

Battling faulty weapons, a complacent Washington establishment, and a fierce typhoon season at sea, Dan must act on his own---even if doing so means the end of his career, the lives of his observers, and the risk of nuclear war. Featuring fierce action at sea and political intrigue at the highest levels, *Korea Strait* is both a first-class thriller and a prescient look at how the next major war might begin.

Editorial Review

From Publishers Weekly

The taut 10th entry in Poyer's series featuring U.S. Navy commander Dan Lenson (following *The Threat*) is rich in the naval detail fans have come to expect. After refusing a request that he take a medical retirement (after his political hot-potato adventures saving the president from assassination), Dan is less than pleased when he's put on the shelf and ordered to oversee a small crew of U.S. civilians and retired military personnel who will participate in an international training exercise off the Korean peninsula. But even before he comes aboard the South Korean frigate on which he and his team will be stationed, the discovery of a disabled North Korean submarine off the coast—and the lethal response of the survivors, trapped within—is the first clue he has that North Korea may have decided to plunge the world into nuclear war. From there, Poyer provides readers with a satisfying, fast-paced narrative in which Dan must negotiate his past, his superiors and an unpredictable submerged enemy. Poyer's tech talk throughout is nicely turned, and Dan Lenson remains a winningly weary hero. (*Dec.*)

Review

“What if North Korea attacked South Korea and the U.S. . . . not with tanks and missiles, but with a devastating strike from the sea? A gripping and timely naval adventure by 'a master of authentic detail'.”
?Kirkus Reviews

“Poyer remains the most thoughtful of the military-thriller set and a master of authentic detail.” *?Kirkus Reviews on The Threat*

“There's plenty of danger and gripping action to satisfy his legion of fans.” *?Military.com on The Threat*

“Plenty of action, plot twists, and just enough character development to keep the pace moving . . . grab this engaging pot boiler.” *?Norfolk Virginian-Pilot on The Threat*

“A revealing portrayal of the backroom goings-on at the White House. Poyer's more interested in story and character than in slam-bang action, and that's a good thing because when the action does kick in, we care enough about the characters to follow them into danger. Recommended especially for fans of Robert Ludlum's political thrillers (although Poyer is a superior writer).” *?Booklist on The Threat*

From the Back Cover

"What if North Korea attacked South Korea and the U.S. with a devastating strike from the sea? That's the question at the heart of"" this gripping thriller from" USA Today "bestselling author "David Poyer""

"Excellent."--"Kirkus Reviews"

United States Navy officer and Medal of Honor winner Dan Lenson's mission is to observe an international military exercise involving the navies of South Korea, Japan, Australia, and America. It should be routine duty for Dan, but old alliances are unraveling as North Korea threatens the U.S., and China expands its influence.""

"Fans will relish the sea action [and] the insights into the Korean situation."--"Library Journal"

"Now, acting as both adviser and adversary to a ruthless South Korean task-force commander, Dan must stop a wolfpack of unidentified submarines--armed with nuclear weapons--which are trying to elude Allied surveillance and penetrate the Sea of Japan. Is it the start of an invasion...or an elaborate feint, to divert attention from a devastating attack?"

"Satisfying, fast-paced...Lenson remains a winningly weary hero."--"Publishers Weekly"

Battling faulty weapons, a complacent Washington establishment, and a fierce typhoon season at sea, it's time for Dan to act on his own--even if doing so means the end of his career, the lives of his observers, and the risk of nuclear war.

Users Review

From reader reviews:

Gertrude Call:

Book is definitely written, printed, or created for everything. You can realize everything you want by a reserve. Book has a different type. As you may know that book is important thing to bring us around the world. Alongside that you can your reading proficiency was fluently.
