#### From the Inside Flap

He is certainly no ordinary cat. Not only does Bob enjoy wearing scarves and giving high-fives, but he has a special way about him that makes everyone instantly fall in love with him. James Bowen found Bob when he was a young cat living on the street, injured and alone. The two were soon inseparable. James often wondered what this amazing feline's life was like before they met. This book imagines what might have happened.

#### About the Author

James Bowen was a homeless street musician who often didn't know where his next meal was coming from. He never dreamed his life would be turned around by a cat. But when Bob came into his life in 2007, James soon discovered that this seemingly ordinary street cat was exactly what he needed to make a change. Today the two can be found playing music in the streets of London and promoting the several books that have been written about their lives together.
