Warning: Contains mature subject matter. Reader discretion is advised.

The cyborgs started out as human, people with lives, love and family. Then their country changed them. Made them in to something different and wiped their past. But they can't take away how they feel.

In C791, Joe starts a revolution and brings his people together to find answers. What he finds instead is love.

Poor F814 thought herself a robot, defective and unique among her kind, until a cyborg teaches her how to live again.

When a geeky cyborg meets B785, a robotic princess, circuit boards sizzle.
