Dutton's Nautical Navigation, 15th Edition By Thomas J. Cutler

As paper navigational charts are replaced by vector images on computer screens, magnetic compasses enhanced by digital flux gate technology, and chronometers joined by atomic clocks, the demand has been mounting for an extensive update to the classic reference known worldwide as Dutton's. To meet the varied needs of today's recreational, naval, and commercial navigators the Naval Institute introduces this new edition of a guide that has remained the seafarers' choice for more than three-quarters of a century. It blends the traditional navigation techniques first compiled by Benjamin Dutton in 1926 with technological marvels of the twenty-first century to authoritatively cover all phases of surface navigation. For example, while the book acknowledges that many navigators still peer into the skies through sextant telescopes, it also helps them take full advantage of man-made Global Positioning System (GPS) satellites.

Valued as both an indispensable quick reference and a comprehensive text, Dutton's makes accessible such foreboding subjects as spherical trigonometry through the use of step-by-step explanations and examples that encourage practical use. To insure accuracy and relevancy, a board of experts made up of naval and Coast Guard officers, merchant mariners, accredited harbor pilots, and sea-service academy professors, has carefully reviewed this fifteenth edition. The result is an unparalleled treatment of the art and science of nautical navigation that both amateur and veteran navigators will use to safely navigate the waters of the world.

Editorial Review

Review

"...an invaluable reference...that will save the day when the batteries in the GPS run dry." -- *Armada International*, January 2004

"For those who want in-depth understanding of navigation techniques--both high-tech and low-tech." -- *Soundings*, November 2004

About the Author

Thomas J. Cutler is a retired lieutenant commander and former gunner's mate second class who served in patrol craft, cruisers, destroyers, and aircraft carriers. His varied assignments included an in-country Vietnam tour, small craft command, and nine years at the U.S. Naval Academy, where he served as Executive Assistant to the Chairman of the Seamanship & Navigation Department and Associate Chairman of the History Department. While at the Academy, he was awarded the William P. Clements Award for Excellence in Education (military teacher of the year).

He is the founder and former Director of the Walbrook Maritime Academy in Baltimore. Currently he is Fleet Professor of Strategy and Policy with the Naval War College and is the Director of Professional Publishing at the U.S. Naval Institute.

Winner of the Alfred Thayer Mahan Award for Naval Literature, the U.S. Naval Institute Press Author of the Year, and the U.S. Maritime Literature Award, his published works include *NavCivGuide: A Handbook for Civilians in the U.S. Navy*; *A Sailor's History of the U.S. Navy* [one of the books in the Chief of Naval Operations Reading Program]; *The Battle of Leyte Gulf*; *Brown Water, Black Berets: Coastal & Riverine Warfare in Vietnam*; and the 22nd, 23rd (Centennial), and 24th editions of *The Bluejacket's Manual*. His other works include revisions of Jack Sweetman's *The Illustrated History of the U.S. Naval Academy* and *Dutton's Nautical Navigation*. He and his wife, Deborah W. Cutler, are the co-editors of the *Dictionary of Naval Terms* and the *Dictionary of Naval Abbreviations*.

His books have been published in various forms, including paperback and audio, and have appeared as main and alternate selections of the History Book Club, Military Book Club, and Book of the Month Club. He has served as a panelist, commentator, and keynote speaker on military and writing topics at many events and for various organizations, including the Naval History and Heritage Command, Smithsonian Institution, the Navy Memorial, U.S. Naval Academy, MacArthur Memorial Foundation, Johns Hopkins University, U.S. Naval Institute, Armed Forces Electronics Communications and Electronics Association, Naval War College, Civitan, and many veterans' organizations. His television appearances include the History Channel's *Biography* series, A&E's *Our Century*, Fox News Channel's *The O'Reilly Factor*, and CBS's *48 Hours*.

Users Review

From reader reviews:

John Casteel:

What do you concerning book? It is not important along with you? Or just adding material when you want something to explain what your own problem? How about your extra time? Or are you busy individual? If you don't have spare time to perform others business, it is give you a sense of feeling bored faster. And you

have free time? What did you do? Everyone has many questions above. They have to answer that question because just their can do that. It said that about book. Book is familiar in each person. Yes, it is suitable. Because start from on pre-school until university need this specific Dutton's Nautical Navigation, 15th Edition to read.

Francis Gibbs:

Playing with family in the park, coming to see the marine world or hanging out with good friends is thing that usually you will have done when you have spare time, after that why you don't try matter that really opposite from that. 1 activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Dutton's Nautical Navigation, 15th Edition, you could enjoy both. It is fine combination right, you still wish to miss it? What kind of hang-out type is it? Oh can occur its mind hangout folks. What? Still don't have it, oh come on its identified as reading friends.

Steven Murray:

That guide can make you to feel relax. This book Dutton's Nautical Navigation, 15th Edition was bright colored and of course has pictures on the website. As we know that book Dutton's Nautical Navigation, 15th Edition has many kinds or category. Start from kids until teenagers. For example Naruto or Investigation company Conan you can read and believe that you are the character on there. Therefore , not at all of book are make you bored, any it makes you feel happy, fun and chill out. Try to choose the best book for you and try to like reading that.

Christina Almonte:

As a college student exactly feel bored in order to reading. If their teacher expected them to go to the library as well as to make summary for some guide, they are complained. Just minor students that has reading's soul or real their interest. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Dutton's Nautical Navigation, 15th Edition can make you really feel more interested to read.
