

Lean Maintenance

By Joel Levitt

Lean Maintenance By Joel Levitt

Written for anyone in a leadership position in maintenance, storeroom or production, this unique book will also be found useful by vendors to the maintenance departments, including maintenance contractors, parts vendors, and various kinds of service providers. As a practical book, Lean Maintenance will take the reader on a journey from uncovering waste, designing projects to address the waste, selling the projects to management and delivering the projects. Every area in maintenance is covered, including your TPM effort, storeroom, PM tasking, work orders and computer systems. What's more, the user will be able to immediately use this book to start the process of saving money, energy, or time within just one hour!

- Provides examples at every step of the way to guide the reader.
- Includes forms and check lists for successful Lean projects.
- Offers the reader the ability to design and execute a savings project within a day.

Editorial Review

About the Author

Joel Levitt is known worldwide as a leading educator in maintenance management. He has trained more than 17,000 maintenance professionals from thousands of organizations in 25 countries. He has more than 30 years of experience in many facets of maintenance. Since 1980, he has been president of Springfield Resources, a management/consulting firm servicing clients on a wide range of maintenance issues. Levitt is a frequent speaker at maintenance and engineering conferences, has published dozens of articles on the subject, as well as a number of successful books, including *The Complete Guide to Preventive and Predictive Maintenance*; *The Handbook of Maintenance Management*; *Lean Maintenance*; *Managing Factory Maintenance*; and *Managing Maintenance Shutdowns and Outages*.

Users Review

From reader reviews:

William Leighty:

What do you consider book? It is just for students because they're still students or this for all people in the world, exactly what the best subject for that? Merely you can be answered for that question above. Every person has diverse personality and hobby for each other. Don't to be compelled someone or something that they don't want do that. You must know how great along with important the book Lean Maintenance. All type of book can you see on many resources. You can look for the internet methods or other social media.

Barbara Akins:

Book is to be different per grade. Book for children till adult are different content. As it is known to us that book is very important for all of us. The book Lean Maintenance was making you to know about other knowledge and of course you can take more information. It is quite advantages for you. The reserve Lean Maintenance is not only giving you a lot more new information but also to get your friend when you sense bored. You can spend your spend time to read your book. Try to make relationship with the book Lean Maintenance. You never sense lose out for everything in case you read some books.

Michael Rodriguez:

Do you one among people who can't read enjoyable if the sentence chained from the straightway, hold on guys this particular aren't like that. This Lean Maintenance book is readable by simply you who hate the straight word style. You will find the data here are arrange for enjoyable reading experience without leaving even decrease the knowledge that want to offer to you. The writer associated with Lean Maintenance content conveys objective easily to understand by a lot of people. The printed and e-book are not different in the written content but it just different such as it. So , do you still thinking Lean Maintenance is not loveable to be your top collection reading book?

Gary Spengler:

Playing with family in a park, coming to see the water world or hanging out with pals is thing that usually you might have done when you have spare time, in that case why you don't try thing that really opposite from that. Just one activity that make you not sense tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love Lean Maintenance, you can enjoy both. It is very good combination right, you still desire to miss it? What kind of hangout type is it? Oh come on its mind hangout people. What? Still don't understand it, oh come on its called reading friends.
