Editorial Review

From Publishers Weekly

CIA operative Mitch Rapp returns in another taut thriller. With the presidential elections close at hand, it looks a little iffy for Democratic candidates Josh Alexander and running mate Mark Ross, but when a bomb attack on their motorcade leaves Alexander's wife and numerous others dead, the sympathetic vote sweeps the two men to a bittersweet victory at the polls. At first the bombing looks to be the work of al-Qaeda, but evidence soon points to a source much closer to home. Schultz brings a comfortable presence to his reading. Having narrated several of the past Rapp adventures, he is on familiar ground, and it shows. His clear, crisp reading style fits perfectly, beat for beat, with Flynn's straightforward storytelling. His characterizations are distinct and well handled, giving Rapp just the right amount of gruffness, while at the same time providing each of the supporting characters with their own individual voices without using over-the-top accents or vocalizations. Peter Michalos's fine abridgment keeps the story moving with no apparent sacrifice of character or plot.
