

## Dancing in the Streets: A History of Collective Joy

By Barbara Ehrenreich

**Dancing in the Streets: A History of Collective Joy** By Barbara Ehrenreich

**"Fascinating . . . An admirably lucid, level-headed history of outbreaks of joy from Dionysus to the Grateful Dead."?Terry Eagleton, *The Nation***

Widely praised as "impressive" (The Washington Post Book World), "ambitious" (The Wall Street Journal), and "alluring" (The Los Angeles Times), *Dancing in the Streets* explores a human impulse that has been so effectively suppressed that we lack even a term for it: the desire for collective joy, historically expressed in revels of feasting, costuming, and dancing.

Drawing on a wealth of history and anthropology, Barbara Ehrenreich uncovers the origins of communal celebration in human biology and culture. From the earliest orgiastic Mesopotamian rites to the medieval practice of Christianity as a "danced religion" and the transgressive freedoms of carnival, she demonstrates that mass festivities have long been central to the Western tradition. In recent centuries, this festive tradition has been repressed, cruelly and often bloodily. But as Ehrenreich argues in this original, exhilarating, and ultimately optimistic book, the celebratory impulse is too deeply ingrained in human nature ever to be completely extinguished.

### Editorial Review

From Publishers Weekly

*Starred Review.* It is a truism that everyone seeks happiness, but public manifestations of it have not always been free of recrimination. Colonial regimes have defined spectacles as an inherently "primitive" act and elders harrumph at youthful exultation. Social critic and bestselling author Ehrenreich (*Nickel and Dimed*) teases out the many incarnations of sanctioned public revelry, starting with the protofeminist *oreibasia*, or Dionysian winter dance, in antiquity, and from there covering trance, ancient mystery cults and carnival, right up to the rock and roll and sports-related mass celebrations of our own day. "Why is so little left" of such rituals, she asks, bemoaning the "loss of *ecstatic* pleasure." Ehrenreich necessarily delineates the repressive reactions to such ecstasy by the forces of so-called "civilization," reasonably positing that rituals of joy are nearly as innate as the quest for food and shelter. Complicating Ehrenreich's schema is her own politicized judgment, dismissing what she sees as the debased celebrations of sporting events while writing approvingly of the 1960s "happenings" of her own youth and the inevitable street theater that accompanies any modern mass protest, yet all but ignoring the Burning Man festival in Nevada and tut-tutting ravers' reliance on artificial ecstasy. That aside, Ehrenreich writes with grace and clarity in a fascinating, wide-ranging and generous account. (*Jan. 10*)

At a time when social scientists are lamenting the loss of a sense of community, Ehrenreich offers an absorbing look at the joy of life expressed in communal rituals of dance and celebration. From cave drawings through the celebrations of weddings, religious rites, healing, and war preparations of various cultures to modern "carnivalization" of sports celebrations, she traces the appeal of synchronizing individual movements to a group. Western culture, with little understanding of the ecstasy of love expressed in group celebrations, has looked on such celebrations as primitive hysterics and banned them among African slaves, Native Americans, and other cultures. But Ehrenreich details a long history of such celebrations in European cultures, from the festivals of Dionysus to those of medieval Christians. She also explores other cultures' reactions to dance celebrations they viewed as somehow socially or spiritually subversive, whether it's Protestants banning carnivals or Wahhabist Muslims frowning on ecstatic Sufism. Given the social nature of humans, Ehrenreich is optimistic that the drive to "civilize" will never fully eliminate the impulse for group celebration. *Vanessa Bush*

Review

"A fabulous book on carnival and ecstasy, skillfully arranged and brilliantly explained." ?Robert Farris Thompson, author of *Tango: The Art History of Love*

"Barbara Ehrenreich shows how and why people celebrate together, and equally what causes us to fear celebration. Here is the other side of ritual, whose dark side she explored in *Blood Rites*. She ranges in time from the earliest festivals drawn on cave walls to modern football crowds; she finds that festivities and ecstatic rituals have been a way to address personal ills like melancholy and shame, social ills as extreme as those faced by American slaves. *Dancing in the Streets* is itself a celebration of language -- clear, funny, unpredictable. This is a truly original book." ?Richard Sennett, author of *The Culture of the New Capitalism*

## **Users Review**

### **From reader reviews:**

#### **Theresa Wilkins:**

This Dancing in the Streets: A History of Collective Joy book is just not ordinary book, you have it then the world is in your hands. The benefit you will get by reading this book is actually information inside this publication incredible fresh, you will get facts which is getting deeper an individual read a lot of information you will get. That Dancing in the Streets: A History of Collective Joy without we understand teach the one who examining it become critical in pondering and analyzing. Don't possibly be worry Dancing in the Streets: A History of Collective Joy can bring once you are and not make your tote space or bookshelves' turn into full because you can have it with your lovely laptop even mobile phone. This Dancing in the Streets: A History of Collective Joy having excellent arrangement in word and also layout, so you will not really feel uninterested in reading.

#### **Floyd Hatfield:**

This Dancing in the Streets: A History of Collective Joy is great book for you because the content that is certainly full of information for you who else always deal with world and get to make decision every minute. That book reveal it info accurately using great arrange word or we can claim no rambling sentences in it. So if you are read it hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but challenging core information with lovely delivering sentences. Having Dancing in the Streets: A History of Collective Joy in your hand like getting the world in your arm, data in it is not ridiculous a single. We can say that no reserve that offer you world in ten or fifteen tiny right but this reserve already do that. So , this is good reading book. Hey Mr. and Mrs. active do you still doubt that?

#### **Henry Reavis:**

This Dancing in the Streets: A History of Collective Joy is fresh way for you who has curiosity to look for some information mainly because it relief your hunger details. Getting deeper you upon it getting knowledge more you know or else you who still having tiny amount of digest in reading this Dancing in the Streets: A History of Collective Joy can be the light food for you personally because the information inside this kind of book is easy to get by simply anyone. These books acquire itself in the form that is reachable by anyone, yep I mean in the e-book web form. People who think that in publication form make them feel sleepy even dizzy this publication is the answer. So there is not any in reading a guide especially this one. You can find actually looking for. It should be here for a person. So , don't miss it! Just read this e-book kind for your better life in addition to knowledge.

#### **Pauline Jones:**

Do you like reading a reserve? Confuse to looking for your best book? Or your book was rare? Why so many problem for the book? But virtually any people feel that they enjoy regarding reading. Some people likes examining, not only science book but also novel and Dancing in the Streets: A History of Collective Joy or maybe others sources were given expertise for you. After you know how the great a book, you feel need to

read more and more. Science guide was created for teacher as well as students especially. Those publications are helping them to increase their knowledge. In other case, beside science publication, any other book likes Dancing in the Streets: A History of Collective Joy to make your spare time more colorful. Many types of book like here.
