Principles and Practice of Pediatric Sleep Medicine: Expert Consult - Online and Print, 2e By Stephen H. Sheldon DO FAAP, Meir H. Kryger MD. FRCPC, Richard Ferber MD, David Gozal MD

Principles and Practice of Pediatric Sleep Medicine, 2nd Edition, written by preeminent sleep medicine experts Drs. Sheldon, Kryger, Ferber, and Gozal, is the most comprehensive source for diagnosing and managing sleep disorders in children. Newly updated and now in full color throughout, this medical reference book is internationally recognized as the definitive resource for any health practitioner who treats children, providing absolute guidance on virtually all of the sleep-associated problems encountered in pediatric patients.

"As a reference book this edition should hold its value for a long time. Editors Sheldon, Ferber, Kryger and Gozal deserve appreciation for their masterly compilation" **Reviewed by:** British Association for Community Child Health (BACCH), Nov 2014

"..a well-written, comprehensive, and succinct textbook." **Reviewed by** Sanjeev V Kothare on behalf of Journal of Clinical Neurophysiology, February 2015

- **Organized format** separates coverage into Normal and Abnormal sleep for quick access to the key information you need.
- **Abundantly referenced chapters** help you to investigate topics further.
- **Equips you with a complete understanding** of both medical and psychiatric sleep disorders.
- **New and expanded chapters** regarding sleep related breathing disorders; parasomnias; differential diagnosis of pediatric sleep disorders; hypersomnia; school start times and implications; and the evaluation and management of circadian rhythm disturbances.
- **Extensive coverage** on obstructive sleep apnea, diagnosis and treatment; evaluation and management of sleepy children; evaluation and management of circadian rhythm abnormalities; and pharmacology.
- **Online access** via **Expert Consult** for seamlessly searchable contents.

Editorial Review

Review

"This book should serve as a principal reference guide and should be on the shelf of every physician taking care of children suffering from sleep disorders...No similar book of its kind exists in the literature. Other books on the topic can serve as informative texts although lack the breadth of complexity contained in this text." **Reviewed by** Sanjeev V Kothare on behalf of Journal of Clinical Neurophysiology, February 2015

Users Review

From reader reviews:

Erica Dennis:

The book Principles and Practice of Pediatric Sleep Medicine: Expert Consult - Online and Print, 2e can give more knowledge and also the precise product information about everything you want.
