Seduced By Chloe Parks

Here is the first book in ‘Seduced’ Series by author Chloe Parks, a seductive contemporary romance filled with intense passion and sensuality.

When she meets Beckett Cross, she feels a deep primal attraction that will not be denied...

As Serena’s power-brokering parents begin the process of pushing her into a sterile political marriage, she panics. What she wants is more than forced duty—she wants to taste passion, at least once. Her deep desire leads her to a secret location where she crosses paths with a man named Beckett Cross.

Beckett is used to being in the shadows, gathering information for anyone who can pay his price. When he accepted a contract from the Hamilton’s to follow their daughter Serena, he had no idea what it would cost him. Her sexual naïveté and curiosity—combined with a naturally submissive personality—make a woman perfect for Beckett’s most wicked fantasies. When he gives her a taste of passion, she knows the life she once led will never again be enough. Still—what kind of future can a man like Beckett offer someone like Serena, other than endless nights of pleasure?

Only mature readers should download this book.
