

Handbook of Veterinary Communication Skills

From Brand: Wiley-Blackwell

Handbook of Veterinary Communication Skills From Brand: Wiley-Blackwell

This is the first definitive textbook on veterinary communication, written specifically for students and veterinary professionals by a group of international experts. Communication is a core clinical skill, and is now taught as a compulsory part of most veterinary degree courses. Good communication is crucial to the veterinarian-client-patient relationship, to patient health and ultimately to the success of any veterinary business.

The book covers all the key areas of communication including: the basic framework for the veterinary consultation; professional, ethical and legal aspects; communication with clients and colleagues; and coping with end-of-life and other difficult situations. It combines the most up-to-date research with a wealth of practical information, such as:

- Real-life case studies to help you apply your learning to real scenarios
- Simple step-by-step guidelines showing you how to deal with specific situations
- Examples of written resources you can use in practice

This valuable textbook has been written and edited by a carefully chosen group of specialists, comprising veterinary communication lecturers, veterinary practitioners, training managers and counsellors.

Editorial Review

Review

"Packed with useful information about the way that communication has evolved and how to handle different situations, this recently published handbook should be a graduation present to all new vets entering the difficult world of practice." (*Vets Today*, November 2010)

"*Handbook of Veterinary Communication Skills* covers all key areas of communication and surveys everything from ethics and legal aspects to handling clients, colleagues, and difficult treatment options alike. Real-life case studies accompany step-by-step guidelines showing how to handle specific situations, and examples of written resources that can be used in practice. Any library catering to veterinary students must have this!" (*Midwest Book Review*, September 2010)

From the Back Cover

"The authors have done a superb job of describing communication skills and the major issues in the profession...using a skills-based approach."

—**Cindy L. Adams**, Veterinary Medicine, University of Calgary, Canada

Gerard Norman:

As a university student exactly feel bored in order to reading. If their teacher expected them to go to the library as well as to make summary for some e-book, they are complained. Just little students that has reading's internal or real their passion. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that looking at is not important,

boring and can't see colorful photos on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Handbook of Veterinary Communication Skills can make you experience more interested to read.
