

Historical Dictionary of Georgia (Historical Dictionaries of Europe)

By Alexander Mikaberidze

Historical Dictionary of Georgia (Historical Dictionaries of Europe) By Alexander Mikaberidze

Situated in the breathtaking Caucasus Mountains between the Black and the Caspian Seas, the country of Georgia sits at the crossroads between Europe and Asia; it has gone through more turbulence and change in the last twenty five years—the casting off of the Soviet regime, a civil war, two ethno-territorial conflicts, economic collapse, corruption, government inefficiency, and massive emigration—than most countries go through in 250 years. This small nation's strategic location at the crossroads of different civilizations has been a curse as well as a blessing. Once a battlefield between the ancient empires and the Christian and Islamic worlds, today it is caught between its NATO aspirations and its location in Russia's backyard. Yet, despite all challenges and hardships, this resilient and ancient country, with thousands of years of winemaking, three-thousand years of statehood, and almost two millennia of Christianity, continues to survive and thrive.

This book uses its chronology; glossary; introduction; appendixes; maps; bibliography; and over 900 hundred cross-referenced dictionary entries on important persons, places, events and institutions, as well as significant political, economic, social, and cultural aspects to trace Georgia's history and predict its future. This historical dictionary is an excellent access point for students, researchers, and anyone wanting to know more about Georgia.
