Editorial Review

Review

'This book is as rich and varied a guide to the latest developments in discourse analysis as you are likely to find. The book has an all-encompassing coverage, a genuinely international cast list of contributors, numerous new and subtly inflected approaches to the topic and embraces a range of methods of doing discourse analysis in both theory and practice. It is clearly written, consistently authoritative and obviously edited with care and wisdom. It is a book that brilliantly underlines how central and fundamental discourse analysis is to so many fields of enquiry.'

About the Author
