Eve had it all-emphasis on had. She was a rising star with a modeling contract destined to catapult her to celebrity...until the devastating night when she walked away from everything, everyone in her life. Eve's worked hard to put her troubled past behind her, and photography's given her a fresh start. She just never thought her dream internship would force her back into the industry that broke her trust and her heart.

Alex is a regular, good guy from Nebraska, but as an up-and-coming model, he's learning that appearances are everything. The fake relationship Alex's agent concocted for Alex and his underage costar? That'll land them both the hot jobs. But Alex hadn't counted on falling for Eve, the girl behind the camera.

With careers and love on the line, Eve and Alex are about to prove you may want what you can't have-but sometimes it's worth the risk.

Editorial Review

From School Library Journal

Gr 10 Up—Eve Nowakowski knows all about the ups and downs of the modeling lifestyle. Just a few years ago, she was internationally known cover girl Eve Castle—but the life became too much to bear, and she slipped into anonymity. Now a freshman at Columbia University, she discovers that photography is her passion, and through a twist of fate she becomes an assistant to a famous fashion photographer, which puts her right back in the world she tried so desperately to escape. At her first fashion shoot, Eve meets rising modeling star Alex, and sparks immediately fly. However, Alex's agent has cooked up a plan for Alex and another ingénue, underage French model Elana, to become fashion's new hot couple. Eve and Alex have real chemistry, though, and they know that Alex and Elana's contrived relationship is not only dishonest: it is illegal. Eve and Alex are then faced with a series of tough decisions that will put their new relationship to the test. Presented in dual perspectives, switching between narrators Alex and Eve, this title is well written but suffers from a weak plot. The instant love connection between the protagonists is unrealistic and the central conflict between Eve and Wes, Alex's evil talent agent, is not enough to carry the story. Mature subject matter, including alcohol use, eating disorders, and domestic violence, makes this a title suited to an older teen audience. VERDICT An additional purchase for libraries that can't keep any "Gossip Girl" or "Pretty Little Liars" (both Little, Brown) installments on the shelf.—Morgan Brickey, Marion County Public Library System, FL
