Editorial Review

About the Author

Max Lee, who participated in the publication, is a current head of Math Research Institute and the founder of Math Revolution.(www.mathrevolution.com) This book contains complete know-hows and insights on GMAT Math. He developed World's first Variable approach for DS and IVY approach for PS that allow students to solve GMAT problems with ease, speed and accuracy. Students will enjoy 10 minutes to spare before exam ends. He has 15 years of experience teaching over 30,000 students, has taught over 100,000 GMAT Math problems, and has completely analyzed logics of GMAT Math based on Chaos Theory.

Users Review

From reader reviews:

Allen Brown:

Information is provisions for people to get better life, information currently can get by anyone in everywhere. The information can be a know-how or any news even a concern. What people must be consider whenever those information which is within the former life are challenging be find than now is taking seriously which one would work to believe or which one often the resource are convinced. If you have the unstable resource then you get it as your main information we will see huge disadvantage for you. All of those possibilities will not happen with you if you take Math Revolution GMAT as the daily resource information.

Sonia Shipley:

The book Math Revolution GMAT will bring someone to the new experience of reading a new book. The author style to elucidate the idea is very unique. If you try to find new book to see, this book very suitable to you. The book Math Revolution GMAT is much recommended to you you just read. You can also get the e-book in the official web site, so you can easier to read the book.

Andrew Martin:

People live in this new day of lifestyle always make an effort to and must have the extra time or they will get wide range of stress from both lifestyle and work. So , once we ask do people have free time, we will say absolutely of course. People is human not only a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to an individual of course your answer can unlimited right. Then do you ever try this one, reading textbooks. It can be your alternative with spending your spare time, often the book you have read will be Math Revolution GMAT.

Tracy Caudle:

Playing with family in a park, coming to see the water world or hanging out with pals is thing that usually you might have done when you have spare time, in that case why you don't try thing that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Math Revolution GMAT, you are able to enjoy both. It is good combination right, you still need to miss it? What kind of hang-out type is it? Oh can occur its mind hangout folks. What? Still don't obtain it, oh come on its called reading friends.
