Editorial Review

Review

No Bullsh*t Back Pain Relief

"Fast & Easy Back Pain Cures Proven to Work," at its core, has 3 foundations: 1st, back pain cannot be isolated from the sufferer's whole body and lifestyle. The book discusses posture, breathing, sleeping positions and diet and exercise.

Second, different things work for different people's pain. The book goes into a wide range of reliefs, from "fast and easy" like proper exercise and usage of hot and cold packs, to the less common like inversion therapy, acupuncture and meditation.

Third, back pain isn't just something that people must suffer, or something that should limit their activities. There can be relief.

Put all this together, and it's clear this is not just another book about back pain. Comprehensive, it draws from multiple sources -pain experts, The Healthy Back Institute, and even traditional medicine. One could think of it as a review of information on back pain. It asks - What have other people tried and why? What do different remedies contribute to what we know about back pain?

"Fast & Easy Back Pain Cures.." also sets itself apart from the pack with not just illustrations, but also links to videos and further reading. It is back pain literature in its most current, relevant form - internet-friendly.

The author's candid voice is fresh and conversational. Imagine asking a pal, 'I got a pain in my back. What should I do?' and getting an honest answer in return: it's no-frills, accessible advice, though at times is completely unexpected.

Finally, well-intentioned and earnest - early readers should not miss the money-back offer detailed in the introduction.

This is an encouraging, realistic, no-bull answer to back pain.

Users Review

From reader reviews:

Warren Ford:

Do you have favorite book? In case you have, what is your favorite's book? Reserve is very important thing for us to understand everything in the world. Each guide has different aim or perhaps goal; it means that publication has different type. Some people experience enjoy to spend their the perfect time to read a book.
