Editorial Review

Review

"[The American Pageant] has what I would call a 'macro' and 'micro' approach to history; it presents the American drama both in terms of broad, over-arching themes and through the eyes of the individuals who were the players on its stage. In short, you get to see the forest and the trees!"

"The Thinking Globally features provide students with 'rainbow' type lenses to help discover that history is always about interplay and interaction of different countries and cultures."
